# HOW TO ALLERGY-PROOF YOUR BEDROOM

Prevent dust mite infestation with environmental controls.

1. Encase your pillows with allergy relief pillow covers.
2. Encase your mattress with an allergy relief mattress cover.
3. Encase your box spring with a vinyl box spring cover.
4. Wash all bed linens weekly in hot water.
5. Encase your comforter with an allergy relief comforter cover.
6. Use a hypoallergenic blanket that can withstand frequent washings.
7. Monitor your humidity with a humidity gauge.
8. Remove airborne allergens and impurities from the air with a quality HEPA air purifier.
9. Vacuum frequently with a certified HEPA vacuum cleaner.
10. Molds grow in warm, damp climates. Use an air conditioner or dehumidifier to keep the relative humidity below 50%.
11. Replace your furnace filters frequently and cover your vents with air vent filters.
12. Replace wall-to-wall carpeting with smooth flooring like hardwoods or tile.

# VAPOR STEAM CLEANERS

## Reliable Tandem EV1 Steam Vacuum

Have a tough cleaning problem to tackle? The Tandem is a steam cleaner and a vacuum cleaner! It is two powerful cleaning tools in one machine. With continuous water fill capability and a HEPA filter, you can steam clean multiple surfaces. The steam loosens the dirt which is sucked up by the vacuum and collected in a special tank. The Reliable Tandem is the perfect weapon in your battle against dust and dust mites. Weight 26 lbs. REL0006 \$1,599.00

*Vacuum & Steam!*

## Reliable GO E2o Steam Cleaner

This versatile, multi-purpose steam cleaning system provides powerful steam that cleans and sanitizes your home or office.

The Reliable GO is great for cleaning bathrooms, living rooms, and bedrooms. In kitchens, it breaks up and helps remove grease without using harmful chemicals. Weight 13 lbs. REL0004 \$699.00

*"No chemicals, easy cleanup, environmentally and allergy friendly. My father-in-law noticed how clean my floors were! I showed my steam cleaner to a friend, she bought one online while still at my house!" - TWK from Dawsonville, GA*

**Vapor Steam Kills Bed Bugs, Dust Mites & Eggs!**

## Reliable EnviroMate E5 Steam Cleaner

This steam cleaner with continuous water refill gives you the ability to clean for long periods without waiting for the boiler tank to heat up your water. With vapor steam, you can deep

clean and sanitize your home using only water and heat. It is the perfect solution for cleaning, sanitizing, and deodorizing all the rooms in your house. Weight 16 lbs. REL0003 \$599.00

## Reliable EnviroMate E3 Steam Cleaner

Are you looking for an efficient and affordable steam cleaner? The Reliable E3 is a flexible and efficient cleaning machine. It is the natural choice if you want to clean without using harsh

chemicals. The EnviroMate E3 has a single tank system that is easy to operate, well-priced, and effective at removing dust and pollen. Weight 15 lbs. REL0002 \$399.00

## Vapamore Steam Cleaner

The lightweight and uniquely designed Vapamore comes with a wide range of attachments that enable you to clean and sanitize nearly any surface in your home. Stove tops, smooth floors, kitchen appliances, sinks, tubs, showers, tile, grout, countertops, and toilets are no match for the cleaning power of 250 degree steam. Your cleaning possibilities are endless! Just fill it up, wait for the water to heat up, and start cleaning. Weight 11 lbs.

VAP0001 \$299.99

## STEAM MOPS

### Reliable T1 Steamboy Floor Mop

You won't believe the difference that steam cleaning makes. The Reliable Steamboy is a floor mop that cleans any smooth flooring in kitchens, bathrooms, and living areas. It eliminates dust, pollen, bacteria, germs, and other allergens.

Each mop comes with two cloth pads and a water filter to protect against mineral buildup. Weight 8 lbs. RL0001 \$99.00

**Replacement cloth** RL0010 \$7.95

**Replacement filter** RL0011 \$9.95

### Gruene Steam Cleaner and Mop

With this "green" steam cleaner, the name says it all. You get a cost effective cleaning system for your floors and countertops that uses no chemicals.

The handheld steamer is perfect for removing wrinkles in clothes. With the flash heat design to make steam, you quickly can move from mop to handheld steam cleaner. You have less clutter in your utility room and more money in your pocket. Weight 8 lbs. GR0001 \$159.00

Ladybug steam cleaners safely sanitize and clean nearly every surface in your home without chemicals. This

makes them an ideal cleaning machine for allergy sufferers and for anyone who is sensitive to the chemicals found in common household cleaners. You can upgrade your Ladybug with TANCS (Thermal Accelerated Nano Crystal) technology. The TANCS option gives you the ability to disinfect your home without chemicals. It also increases the warranty and the lifespan of your Ladybug steam cleaner.

Many allergy sufferers wake up from a fitful sleep with watery eyes and runny noses. Imagine yourself waking up refreshed and rested from a good night's sleep... the first step to getting that dream is to control the environment in your bedroom. You can start with our unique line of allergy relief bedding, Allergy Armor®. After years of hard work, we developed our own line of effective and comfortable allergy bedding. Now available in six different fabrics to fulfill your specific needs: Ultra, Cotton, Advanced, Classic, Organic, and Bed Bug.

#### Average Pore Size

The microscopic gaps between fabric threads are known as pores. Pores allow the fabric to breathe, while blocking out particles like dust and pollen. Dust mite allergen averages around 10 microns, but pet dander may be as small as 3 microns. Each of our Allergy Armor® fabrics has a published, tested, and certified pore size that will help you control common household allergens.

#### Caring for your Allergy Armor®

Pillows and mattress covers are easy to install and remove. For mattress covers, installation with two

people is a breeze. You can wash pillow covers once a month in hot water. Wash mattress covers two to four times per year in hot water. Dry on medium heat. Do not use bleach or fabric softener. Do not iron.

#### Installing your Allergy Armor® Mattress Covers

1. Remove all bedding.

2. Use two people to stand the mattress vertically.

3. Slide the cover down using equal force on both sides at the same time. It's like slipping on a sock.

4. DO NOT install a cover unevenly. It will rip the binding and pull the zipper apart.

## HOW TO FORTIFY YOUR BED FOR COMPLETE PROTECTION

- ① Encase your comforter with an allergy relief duvet cover. You can cover with a decorative duvet cover of your choice.
- ② Encase your pillows with allergy relief pillow covers.
- ③ Encase your mattress with an allergy relief mattress cover.
- ④ Encase your box spring with a vinyl box spring cover. While you sleep, you'll have a complete system of defense against allergens.

### FREE ALLERGY ARMOR® PILLOW COVER

With our allergy bedding packages, we've made it easy for you to encase your box spring, mattress, and pillows for complete protection against dust mites and other allergens. Plus, you will get a **FREE** standard size pillow cover with each package purchase!

Goose down triggers allergic reactions among many people. It's not the down itself which causes allergies, but it's the dirt and dust particles which remain on the down. Hypodown® from the Ogallala Comfort Company offers the cleanest premium down available. It's infused with Syriaca, a naturally hypoallergenic plant fiber that traps allergens. It has been tested by allergy doctors around the world, and Hypodown® pillows and comforters are guaranteed to help alleviate allergy symptoms!

These superb comforters are known for their excellent quality and generous fill power. "Fill Power" is the space that one ounce of down occupies in cubic inches. Hypodown 800 is the most luxurious option, the quality you might find in a fine hotel. The 800 fill power contains 95% goose down. Hypodown 700 is the most popular choice, and it ranks above the quality found in many department stores. The down cluster content is 85% and the fill power is excellent.

There's a Hypodown comforter for everyone. If you're always cold, there's the Arctic weight. If you're comfortable in most surroundings, there's the Classic and Southern weight. If you're always hot, go with the Southernlite weight. The prices on the next page are based on Classic weight. # DEHUMIDIFIERS

Dust mites and mold thrive in damp conditions. Dehumidifiers help keep your environment dry by regulating humidity and removing moisture. Keep your home comfortable and safe with one of our dehumidifiers. Traditional dehumidifiers work much like air conditioners—they cool the air, causing moisture to condense on coils within the machine. Humidity is removed from the air.

## Eva-Dry 1100 Petite Dehumidifier

Do you need a dehumidifier for a small space? The 1100 uses Peltier technology (no compressor) which makes it smaller, quieter, and more affordable than conventional dehumidifiers. Perfect for laundry rooms, bathrooms, and gun cabinets. Quietly extracts moisture from the air and stores it in a spill-proof reservoir that automatically shuts off when it's full. An indicator light lets you know when it's time to empty the reservoir. (8.5" H x 6" W x 4.5" D) 3 lbs. ED0001 \$39.99

## Dehumidifier Condensate Pump with Tubing

Most people hate dumping out the water from a dehumidifier. It's heavy and messy. Using this condensate pump will enable your dehumidifier to run maintenance free. You no longer have to empty a heavy reservoir filled with water. Use with almost any dehumidifier. Comes with drainage hose. Weight 6 lbs. HT0001 \$79.95

Humidity is an important environmental factor, especially for allergy and asthma sufferers. Excess humidity can cause mold and mildew growth, and damp air can contribute to respiratory illnesses. Overly humid conditions also encourage the growth of dust mites, another common cause of allergies. On the other hand, air that is too dry can cause nasal and sinus problems, or exacerbate dry skin conditions like eczema. The EPA recommends a relative humidity of 45% to 50%. You can achieve healthy humidity levels in your home through the use of a humidity gauge and a humidifier.

Our referring physicians tell us that managing your asthma is a two part process: treatment and prevention. The products on this page are chosen to help you manage your asthma more easily and effectively. You can help prevent asthma attacks by reducing the amount of triggers you experience from day to day. For asthma sufferers with allergies, that means removing allergens from your environment.

## Why Asthma Makes It Hard To Breathe

Air enters the respiratory system from the nose and mouth and travels through the bronchial tubes.

In an asthmatic person, the muscles of the bronchial tubes tighten and thicken, and the air passages become inflamed and mucus-filled, making it difficult for air to move.

In a non-asthmatic person, the muscles around the bronchial tubes are relaxed and the tissue is thin, allowing for easy airflow.

# MASKS

Doing chores around your home can stir up allergens into your breathing area and cause strong allergic reactions. An allergy mask can provide a simple, effective solution, enabling you to mow the lawn, blow leaves, or clean without experiencing an allergy attack. Protecting yourself from the cold with a mask will help prevent asthma attacks and keep nasal passages healthy. All 3M masks and respirators have the CDC recommended N95 filtration rating to help prevent the spread of influenza.

## 3M® HEPA Respirator

The 6291 and 6391 3M masks provide true HEPA protection against dust, mold, pollen, and other airborne particles. Adjustable straps provide a comfortable fit. Mask is reusable. 3M 6291 Medium 3M0001 \$21.99  
3M 6391 Large 3M0001-L \$21.99 3M 2091 Replacement Filters 3M0004 \$10.00

## 3M® 8233 & 8293 HEPA Masks

Durable masks that feature maximum HEPA filter efficiency in a maintenance free design. A cool ventilation valve reduces moisture and heat build-up. Reusable. No latex components. The 3M 8293

will filter all particles including oil-based particles, while the 3M 8233 only will filter non-oil based particles.

3M 8233 Mask 3M0003 \$8.49

3M 8293 Mask 3M0139 \$11.49

## 3M® Dust & Pollen Mask

Protect yourself from allergens with this comfortable, disposable 3M 8210 mask. These masks are an effective and inexpensive solution to prevent allergy and asthma attacks. Recommended for one time use. 3M0002 \$1.99

## a | Respro® Techno Mask

Features both an activated carbon and a HEPA filter that work together to remove most pollutants from the air you breathe. Valves help to ease breathing resistance. Velcro fastening for a perfect fit, neoprene construction for durability. Perfect for walking, jogging, bicycling, or motorcycling. Medium RS0008, Large RS0009 \$59.95

## b | Respro® Bandit Scarf

Designed to protect you from dust and wind, as well as urban pollution. An activated charcoal filter is seamlessly placed around the breathing area. Machine washable. RS0012 \$34.99

## c | Respro® Aero Mask

The Aero is designed for allergy sufferers and individuals sensitive to chemicals and other air particles. Made from hypoallergenic materials. Washable and reusable. Small RS0001, Medium RS0002, Large RS0003 \$39.99

## d | Respro® Sportsta Mask

Combines HEPA-Type filtration performance associated with pollutants such as pollen and other irritant dusts with a lightweight Neotex aerated mask. Offers maximum ventilation without sacrificing filtration to maximize sports performance. Medium RS0014, Large RS0015 \$58.99

**a | Honeycomb Mask with Carbon Filter**

Made with a disposable activated carbon filter that is sealed inside a comfortable lightweight frame. The carbon fabric works with inner layers of filtration material to trap these indoor and outdoor pollutants: fragrances, particles, cigarette soot, smog, dust, diesel fumes, formaldehyde. It also filters from 50% to 95% of household chemicals depending on the substance. IC0001 \$19.99

**b | Organic Cotton Mask**

Multipurpose, 100% certified Organic Cotton Mask is a comfortable mask made with three layers of soft, natural color fabric to reduce exposure to dust, pollen, mold, pet dander, and lint. No dyes or bleach have been used in the fabric. IC0006 \$25.99.

**c | Cold Weather Mask**

Protect yourself and your lungs from cold, winter temperatures with this comfy mask. Made with a soft silk lining and durable polar fleece for extremely cold temperatures. IC0003 \$25.99

*"I recently purchased a honeycomb mask with carbon filter for my 11 year daughter. Surprisingly the "one size" turned out to fit her fairly well. She now can enjoy the outdoors without coughing and as long as she is using it consistently outside or in the car does not need any medicine for asthma at all. I highly recommend the product."*  
- Mom from DC

**Silk Comfort Mask**

Features luxurious, double-layered silk. Soft and lightweight, it is a perfect mask to wear while cycling, walking, jogging, sewing, gardening, dusting, or petting your favorite animal. It brings instant relief from non-toxic particles such as dust, pollen, mold, dander, lint and soot. IC0002 \$22.95

## Customer Service

Our goal is to provide you with the best products, the best prices, the best information, and the best customer service. We research and test every product to ensure that it meets our stringent standards. We work extraordinarily hard to ensure that you get your order quickly. If you have any questions or concerns, call 1-800-339-7123 to speak with a customer service representative, or email [cs@achooallergy.com](mailto:cs@achooallergy.com).

## Shipping Policy

All orders placed for in-stock items are either shipped out of our warehouse or drop-shipped directly from the manufacturer within 24 hours. If your order is placed by 3pm Eastern Standard Time, we will ship your order out the same day. In addition, we currently offer free ground shipping for orders over \$150 in the contiguous U.S.

If you are a U.S. resident, we will ship your order using USPS or UPS® Ground home delivery service. Delivery times will vary greatly depending upon your order's destination. However, most orders take between 2 and 7 business days to arrive to your door. Please note that UPS® does not deliver to P.O. boxes. Expedited shipping is available.

Several states and territories, including Puerto Rico, Hawaii, Alaska, U.S. Virgin Islands, Guam, and U.S. Military Addresses require air shipping. Shipping charges will be based upon the total weight of the order.

Please keep in mind that our shipping rates include a handling fee and are not just raw shipping costs. The handling fee covers the cost of packing materials (boxes, tape, packing paper, etc.) and labor used to pick, pack, and ship your order.
